

Life Science Leadership Series – CNS and Ageing

08.30	Registration		
09.30	WELCOME AND INTRODUCTION		
	Harriet Fear		One Nucleus
09.40	OPENING PLENARY SESSION		
	CHAIR		COMPANY
	Harriet Fear		One Nucleus
	SESSION SPEAKERS		COMPANY
09.45	Timothy Herpin	Plenary speaker: Working with AstraZeneca in the CNS field	AstraZeneca
10.15	Professor John Hardy FRS	Plenary speaker: The Genetic Basis of Neurodegenerative Disease	Institute of Neurology
10.45	Morning Refreshments		
11.15	APPROACHES TO NEUROPROTECTION		
	CHAIR		COMPANY
11.15	Alan Palmer	Introduction from the Chair	MS Therapeutics
	SESSION SPEAKERS		COMPANY
11.20	Mark Tricklebank	Innovation at the Academia-Industry Interface to Enhance Translational Research	Eli Lilly
11.45	Tim Sharpington	Sapogenins as Neuroprotective Agents	Phytopharm
12.05	Mark Treherne	SEN1500: Targeting β -amyloid Assemblies for Neuroprotection in Alzheimer's Disease	Senexis
12.25	Yves Joannette	Leveraging the Scale of International Collaboration Consortia to Inform Drug Discovery and Development	CIHR IRSC
12.45	Lunch		
14.00	ADDRESSING AUTOIMMUNE DISORDERS IN THE CNS		
	CHAIR		COMPANY
14.00	Michael O'Neill	Introduction from the Chair	EOLAS
	SESSION SPEAKERS		COMPANY
14.05	Christopher Holloway	Advances in the therapy of Multiple Sclerosis: Opportunities and Challenges	ERA Consulting
14.30	Lars Sundstrom	In Vitro Models to Assess Neuroprotective Efficacy	SARTRE
14.50	Keith Martin	ATX-MS-1467 a Peptide-Based Therapeutic Approach to MS	Apitope Ltd
15.10	Michael Leach	Sodium Channel Blockers as Neuroprotectants	CentRion Therapeutics
15.30	Afternoon Refreshments		
16.00	TECHNOLOGIES AND MODELS IN CNS DRUG DEVELOPMENT		
	CHAIR		COMPANY
16.00	Philip Oliver	Introduction from the Chair	Eli Lilly
	SESSION SPEAKERS		COMPANY
16.10	Mo Alavijeh	In Vitro and In Vivo BBB Models	Pharmidex
16.30	John Connell	The Use of Clinical PD Models to Accelerate the Development of CNS Drugs Through Phase 1	ICON Development Solutions
16.50	Pamela Shaw	Translational Research in Motor Neurone Diseases	University of Sheffield
17.10	CLOSING PLENARY SPEAKERS		
17.10	Ian Wilson	The Application of Imaging Technologies to Neurodegenerative Disorders	GE Healthcare
17.30	Susan Windham-Bannister	Supporting Innovation and Development to Meet Future Healthcare Demand	Massachusetts Office for Life Sciences, USA
17.50	Drinks Reception		
19.00	Close
